7. Discussion and action on the practice of EMS billing for Mutual Aid calls
Chief Keith explained billing practice within our community, within the shared service areas and during mutual aid calls. He explained that patients do not have a choice when mutual aid is requested so he felt we worked as an extension of the department requesting our help, therefore should bill as resident status if applicable. The same should be extended to the calls we participate in, in shared service areas. Keith explained this would happen rarely and should not have a significant impact on LCFR billing. The Board supported the recommendation of the Chief to bill at residential rates if the patients in these scenarios were residents in the community we were assisting. A motion was made by Stotts to bill calls in Zone 3 at the Delafield Resident rate if they are residents of Hartland. The motion was second by Gallun. There was not further discussion, all ayes.
