**Presentation of 2011 Financial Statements by Carrie Gindt of Reilly, Penner & Benton LLP.**
Financial statements were reviewed and it was noted that 100% of budgeted revenues were received and 99.21% of budgeted expenditures were expended.

RPB recommended the clerk-treasurer who is involved with the check preparation function of the Village not be an authorized check signer. The Trustees did discuss this matter and agreed that the current procedure in place is working and that it would not be advisable to remove the clerk-treasurer as an authorized signer. Administrator Douglas approves all invoices/statements before checks are prepared and there are two signers on the checks.

RPB also recommended that backup files be properly labeled and stored off premises in a fireproof safe. Ms. Gindt was advised this is currently being done. Administrator Douglas reminded the Village Board that at one time John Taylor did recommend Carbonite, an online backup system company, for further security of backing up the entire server. The Board did agree that Administrator Douglas contact John Taylor and proceed with retaining services through Carbonite.
