**Discussion on a possible generator and air conditioner ordinance**
Trustee Villavicencio reported on what she had found in other municipalities and how they dealt with weekly testing (time and maintenance), noise levels, location and whether or not a permit should be issued. The language used in the Village of Whitefish Bay would be most useful.

Attorney Wagner Ebben prepared a memo that included examples of generator ordinances from Whitefish Bay, Fox Point, Glendale, Bayside, River Hills, Madison, Clintonville, Elm Grove, Greenfield, and Naperville, Illinois.

After much discussion, a change will be made to the current noise ordinance to include generator and air conditioner noise levels not to exceed 70 decibels. A revised resolution will be presented next month.

**Review and consider action: Waste and recycling contract**
Jack Dowden reported on the status of the waste and recycling contract. Twenty communities participated in the RFP. The RFP was for a seven year contract with a three year renewable option. For the Village of Chenequa, two competitive bids for up the drive service were received by Advanced Disposal Services (ADS) and Johns Disposal. Trustees reviewed a spreadsheet showing adjusted unit price comparison for up the drive service per unit per month. Further price concessions were received and based on estimated averages, ADS estimated their price/year would be about $73,061 and Johns Disposal would be about $76,626 which includes discounts and seasonal adjustments. Johns received a better rating due to getting materials out of the landfill and into the processing plant. Johns does not have their own landfill and therefore has no monetary conflict. Johns Disposal is currently in Genesee, Lannon, Mukwonago and River Hills. Under this new contract they will be with the Cities of Pewaukee and Oconomowoc and the Village of Elm Grove.

Motion (Bellin/Manegold) to award the waste and recycling contract to Johns Disposal.  *Motion carried*
