Update and discussion concerning options for the evaluation of internet service upgrades for the underserved areas of the Village
Trustee Pranke reported that he is pleased with the service he is receiving from Netwurx when he upgraded to the premium package. Pranke's residence does have a direct line of sight to the tower. This item will be kept on the agenda for regular updates.

Presentation of 2015 Financial Statements by Carrie Gindt of Reilly, Penner & Benton LLP
Financial statements were presented by Carrie Gindt of Reilly, Penner & Benton LLP and reviewed by Trustees. Ms. Gindt clarified that on an annual basis over the next 40 years the funds received from the cell tower lease will be reflected on the financial statements as liability under for deferred revenue.

**Committee Reports**

- Public Safety – no report
- Operations – no report
- Plan Commission – no report
- Open Space – no report
- **Board of Appeals** – Administrator Douglas advised we did have a Zoning Board of Appeals (ZBOA) hearing on the Cripps project, 6178 N STH 83. Attorney Gartner reported that there were two variances requested. The first variance was for the house which was closer to the adjoining residence than permitted (50’ variance). The ZBOA did agree that there was a hardship created by the adjoining residence being 3 feet off the lot line and non-conforming. This variance was approved for the house. The second variance requested related to the swimming pool. This is a 100’ requirement even though the swimming pool as proposed was screened from the adjoining residence. The ZBOA had some concerns about whether hardship could really be found. The ZBOA looked at some ordinance provisions and considered the fact that even though the requirement was for 100’ the pool could be moved equal to the shortfall created by the non-conforming house. In summary, rather than the 100’ requirement, a 97’ requirement would be sufficient because the adjoining house was too close to the lot line. Revised plans will be submitted. The main change will be regarding a tree that located adjacent to the pool which will probably have to be removed to provide enough space to shift the pool over by 7 feet. Once the transcript has been completed, a final decision will be prepared and distributed to the Trustees. The owners did not appear for the hearing; adjoining property owners did not have a problem with the proposal; and no objections were filed. Administrator Douglas and Attorney Gartner are recommending taking a look at some of the specific language in the Village Code that deals with the findings necessary for a variance. The language is stringent for use variance which makes it much more difficult to grant a variance. A brief memorandum will be prepared by Attorney Gartner for next month’s meeting.

- **Personnel Committee** – Administrator Douglas reported we have received 31 resumes of which 7 or 8 will be brought in for interviews. First round of interviews is set for April 12th.
