Review and consider a Resolution Authorizing an Application to the Wisconsin Waterways Commission for Financial Assistance; Resolution No. 2019-07-08-01
Mr. Lincoln advised he has applied for a recreational boating facilities grant through the Wisconsin Department of Natural Resources (DNR) to help make repairs to the Pine Lake boat launch. The bulkhead has been failing and is cracked underwater; the concrete pad going down to the gangway/pier is starting to sink and repairs are needed. The engineers believe the Village can alleviate the problems by pulling the concrete out of the water and creating a natural shore. The DNR grant would cover approximately 50% of the cost. Part of the preliminary process is to pass the proposed resolution.

Motion (Myers/Pranke) to approve Resolution No. 2019-07-08-01; Resolution Authorizing an Application to the Wisconsin Waterways Commission for Financial Assistance. *Motion carried*

Review and consider an Ordinance Adopting the Wisconsin Municipal Records Schedule; Ordinance No. 2019-07-08-01
Attorney Gartner advised the State has a schedule dealing with record retention which has been updated. The Village has the option of either accepting the State’s schedule or creating our own schedule. This resolution adopts the State record retention schedule for the Village; there should be no impact on the current practice with respect to records.

Motion (Manegold/Keidl) to adopt Ordinance No. 2019-07-08-01; Ordinance Adopting the Wisconsin Municipal Records Schedule. *Motion Carried*

Review and consider recodification of the Village Code, Chapter 7; Ordinance No. 2019-07-08-02
Attorney Gartner advised that a draft of the recodification of Chapter 7 will be presented at next month’s meeting for consideration. The draft will be submitted to the Village Prosecutor for comment.

**Committee Reports**
Lake Country Fire & Rescue Board – Trustee Bellin reported that the Fire Commission will make a recommendation for the next Fire Chief at a public meeting tomorrow evening (July 9, 2019). The new Fire Chief will be sworn in on July 25th.
Report – Village Forester
Forester Lincoln submitted a report on lake spraying on Pine Lake.

Lake Spraying – Pine Lake Pine Lake was chemically treated for Eurasian Water Milfoil on June 27th. In total, 24.25 acres of the lake were treated. Unfortunately, a pre-treatment survey with the Department of Natural Resources Staff Biologist showed that some of the most infested areas were also home to a variety of native vegetation; these areas were denied for chemical treatment. The DNR does not allow large follow-up treatments after July 1st.

Report - Village Administrator
Administrator Douglas submitted a letter advising his intent to retire with the last day of work being Wednesday, September 4, 2019. A commendation letter was also included on Community Service Officer Matthew Shea for his direction and coordination of boaters coming into the launch on Sunday, June 30th when heavy storms approached. He was thanked for representing the Chenequa Police Department and the Village of Chenequa in such a responsible and professional matter.

Captain Neumer then presented an activity sheet on the Calls for Service (CFS) for the 72-hour holiday period (July 4, 2019 0000 Hours through July 7, 2019 2359 Hours) to highlight our Officer’s efforts to the Village Board and the great pride they take in working for the Village. Officer responded to 122 CFS during this period.

Report - Village President
President Villavicencio requested the Personnel Committee meet to discuss personnel matters as well as to review structure of the Village Administration and come back with a recommendation for the August Village Board meeting. This meeting will be noticed for public information. A closed session will be placed on the agenda.

Report - Village Attorney
No report

Agenda items to be considered for future meetings of the Village Board
- Discussion on CTH C Project
- Discussion on non-conforming issues and lot provisions
- Recodification of Chapter 7

CONSERVANCY – FLOODPLAIN PRESERVATION RESTRICTIONS

Those areas of land identified as Floodplain on Page 1 of 5 on this Certified Survey Map shall be subject to the following restrictions:

1. Grading, filling, the removal of topsoil or other earthen materials are prohibited, unless specifically authorized by the municipality in which this land is located and, if applicable, the Waukesha County Department of Parks and Land Use-Planning and Zoning Division, the Wisconsin Department of Natural Resources and the Army Corps of Engineers.

2. The removal or destruction of any vegetative cover, i.e., trees, shrubs, grasses, etc., is prohibited, with the exception that dead, diseased, dying, or invasive vegetation may be removed, at the discretion of the landowner and with approval from the Waukesha County Department of Parks and Land Use-Planning and Zoning Division. Silvicultural thinning, upon the recommendation of a forester or naturalist and the approval from the Waukesha County Department of Parks and Land Use-Planning and Zoning Division, shall also be permitted.

3. Grazing by domesticated animals, i.e., horses, cows, etc., is prohibited.

4. The introduction of plant material not indigenous to the existing environment of the Floodplain Preservation Area is prohibited.

5. Ponds may be permitted subject to the approval of the municipality in which they are located and, if applicable, the Waukesha County Department of Parks and Land Use-Planning and Zoning Division, the Wisconsin Department of Natural Resources and the Army Corps of Engineers.

6. The construction of buildings is prohibited.

BASEMENT RESTRICTION - GROUNDWATER

This Certified Survey Map is located in an area with mapped soils known to have seasonal high groundwater. The Waukesha County Shoreland and Floodland Protection Ordinance currently requires that the lowest level of any residence must be at an elevation that is at least one (1) foot higher than the highest seasonal groundwater level, unless a variance from that requirement is obtained from the Waukesha County Board of Adjustment. Therefore, additional soil testing in the vicinity of any proposed residence will be required to ensure compliance with the requirement. If the requirement regarding vertical separation distance from the highest seasonal groundwater level is modified by a future amendment to the Waukesha County Shoreland and Floodland Protection Ordinance, the requirement at the time of construction shall apply. All groundwater separation requirements set forth by the Town of Merton must also be complied with.

The accompanying notes are an integral part of these financial statements
Oak Wilt

Yet another summer is winding down and we are now entering into the season of Oak wilt monitoring. Previous years have shown trends towards diminishing oak wilt pockets in the village. Our proactive approach is undoubtedly making an impact on the size and number of oak wilt pockets in Chenequa. This year’s early, intense storms damaged many red oaks. We are concerned that there will be a spike in infected oak trees this year over previous years. Most of the oaks that are going to display signs of oak wilt have already begun “flagging” or have entirely lost their foliage. We have been making notes of the locations of these trees but have not physically flagged any yet. In the coming weeks we will begin to make our rounds and mark these infected trees.

Hazardous Tree Removals

Many have been noticing dead/dying trees along the right-of-ways of Chenequa’s main travel corridors in recent weeks and months. The mortality of these trees is largely due to Emerald ash borer and Dutch elm disease. Both of these pests are capable of killing a tree in a very short period of time. The combination of these two pests attacking our trees has created somewhat of a backlog for the highway/forestry department. We have coordinated part timers for the second half of August, during this time we should be able to remove a large majority of the standing hazards. The remainder of the trees that we are unable to reach will require assistance from the Waukesha County Highway department.
